25X1

1. [redacted] Metrans corporation in Prague, the Soviet-controlled transport firm Juschwneschtrans, Wohllebengasse 6/8, Vienna IV, requests [redacted] transit freight costs and expenses on a 30-ton shipment of aluminum bars which Juschwneschtrans will take over at the Austrian border point of Marchegg for transit shipment to Tarvisio. 25X1

2. [redacted] similar 30-ton shipments, in the form of two 15-ton carloads, are to be made every 14 days. 25X1

25X1 [redacted] Comment: The export of aluminum bars from the Soviet Orbit would be very unusual. [redacted] It is not known why Juschwneschtrans would seem to be notifying Metrans of a shipment from Czechoslovakia, especially if the former is merely forwarding the goods in transit. 25X1
